on sustainable careers

# CUSTOMER TESTIMONIALS

“  
Henry is now employed in work that is suited to his unique abilities and enjoys the experience very much.  
”

## Maureen W., Parent of Henry

Thank you to employU and the excellent service your APD Job Coach, Jernice Hollimon, has provided to my son Henry, and indeed to my whole family, in his quest for employment. It is truly appreciated.

I noticed straightaway the level of dedication and enthusiasm Jernice brings to the table in helping her clients. She has a caring approach and is a true professional. She has supported Henry in every way to reach his goal in finding the right job. Safe to say, nothing got in her way of ensuring success for Henry. He is now employed in work that is suited to his unique abilities and enjoys the experience very much.

I would have no hesitation in recommending employU to any other parent who face innumerable challenges when trying to find companies willing to employ people with intellectual disabilities.

There has to be more people like Jernice who go out in the community and educate people into giving our sons and daughters the opportunity to prove themselves as successful employees. Anything that supports, shares, educates and inspires others in the community, is a winner in my eyes. I look forward to Henry continuing to have a rewarding experience with employU.

---

## Angela J., Parent of Gabrielle

I would like to take this opportunity to commend the performance of Jernice Hollimon, who has served as my daughter Gabrielle's APD Job Coach for close to a year now. She has been and continues to be a strong advocate for Gabrielle, in sustaining her current employment at Publix, as a Front Store Clerk/Bagger. She is willing to address problems as they arise and has successfully advocated for Gabrielle to be trained for a better position at Publix. Consequently, management at Publix has agreed to train Gabrielle for a stocker position, or a related position over the next six months.

Likewise, Ms. Hollimon has also been successful in advocating for Gabrielle to secure a volunteer opportunity at the Society for the Prevention of Cruelty to Animals (SPCA).

This is a great opportunity for Gabrielle to acquire much needed training, in that Gabrielle desires to eventually work as a Veterinary Assistant. We are very pleased with the quality of service Ms. Hollimon and employU has consistently provided. Hopefully, Gabrielle's journey will serve to inspire others.
